Where Meanders Mankind

SIMHANANDA

Simhananda is the author of numerous books on spiritual wisdom, (under various pen names), and has been an experienced speaker on this specialized subject for a period of over 35 years. Photography has been a passion for him for an even longer period. Combining both together is to him just a wee bit short of what he calls pure pleasure.

He loves people, places and the planet.

Simhananda is a Gold Nautilus Award Winner for his first book of photography, *Buddhas, Bodhisattvas, Khadromas and the Way of the Pilgrim*.

The photographs in these volumes are enticing us to see the world with a totally fresh perspective...

Take a few moments to glance through these books
and let yourself be touched
by the beauty and mystery of Planet Earth.

*SO STRANGE to see how short a life can be,
but how mysteriously long, a sweet smile can last.*

sometimes revealed through a humourous touch.

Care enough to take time even when you don't have time.

THE PAIN OF PASSION

Read the title,
carefully look at the photograph,
read the title once more.

It often contains clues
to a deeper understanding
of the photograph.

Enjoy!

Because you cared to care, He awakened Compassion.

A GENTLE CARESS OF LOVE AND AFFECTION

Contemplation of these books produces an inner peace
in each and everyone who takes the time to slowly
appreciate the pages one at the time.

Raise not your foot forward without the Buddha taking you for a walk.

SUNSET ON THE DHARMA ROAD

A monetary portion from the author's profit of each book sold will go to the universal cause of world peace and harmony, and inclusively, to the cause of all people who suffer from injustice and political or religious oppression anywhere upon this mother planet of ours.

*CARE ENOUGH to make sure that you always Love
more than you can possibly be hated.*
