## Touch To This Earth Where Meanders Mankind

Simhananda

Award Winning Finalist at *National Best Books 2008 Awards* in the Photography category

---

"...a very creative concept..."

"Polished photography."

"Stunning pictures."

"Intriguing. There are some interesting aspects to this book. I appreciate the diversity of the subject matter. Turning the pages I feel like I am traveling to adventurous place all over the planet. I also like the thought provoking transformational theme and the way it is playfully executed."

- Comments from judges at the *2009 Benjamin Franklin Book Awards*
